

Manuel Catú 202407162

Solicita un usuario

A screenshot of a Java Swing window titled "iniciar con un usuario". The window has a light gray background and a dark title bar with standard window controls. It contains a text input field with the text "Manuel" and a blue button labeled "iniciar".

Menú principal

A screenshot of the main menu window. It features a text field at the top containing "Manuel". Below it are two input fields labeled "valor 1" and "valor 2". A section titled "operaciones" contains six buttons: "suma", "resta", "multi", "division", "potencia", and "raíz". At the bottom, there is a "Resultado" label next to an empty input field and a "salir" button.

A screenshot of the same main menu window, but with values entered. The "valor 1" field contains "8" and the "valor 2" field contains "9". The "Resultado" field is still empty.

Sumar

A screenshot of a calculator application window titled "Manuel". It features two input fields: "valor 1" containing the number 8 and "valor 2" containing the number 9. Below these is a section labeled "operaciones" with six buttons: "suma", "resta", "multi", "division", "potencia", and "raiz". The "suma" button is highlighted. At the bottom, the "Resultado" field displays "17.0", and there is a "salir" button.

restar

A screenshot of a calculator application window titled "Manuel". It features two input fields: "valor 1" containing the number 8 and "valor 2" containing the number 9. Below these is a section labeled "operaciones" with six buttons: "suma", "resta", "multi", "division", "potencia", and "raiz". The "resta" button is highlighted. At the bottom, the "Resultado" field displays "-1.0", and there is a "salir" button.

Multiplicar

A screenshot of a calculator application window titled "Manuel". It features two input fields: "valor 1" containing the number 8 and "valor 2" containing the number 9. Below these is a section labeled "operaciones" with six buttons: "suma", "resta", "multi", "division", "potencia", and "raiz". The "multi" button is highlighted. At the bottom, the "Resultado" field displays "72.0", and there is a "salir" button.

dividir

A screenshot of a calculator application window titled "Manuel". It features two input fields: "valor 1" containing the number 8 and "valor 2" containing the number 9. Below these is a section labeled "operaciones" with six buttons: "suma", "resta", "multi", "division", "potencia", and "raiz". The "division" button is highlighted. At the bottom, the "Resultado" field displays "0.8888888888888888", and there is a "salir" button.

Raíz

The 'Raíz' application window has a title bar with standard OS controls. It features a 'Manuel' tab at the top. Below the tab are two input fields: 'valor 1' containing the number '8' and 'valor 2' containing the number '9'. A section titled 'operaciones' contains six buttons: 'suma', 'resta', 'multi', 'division', 'potencia', and 'raiz'. The 'raiz' button is highlighted. At the bottom, the 'Resultado' field displays '2.8284271247461903', and a 'salir' button is located at the very bottom.

potencia

The 'potencia' application window has a title bar with standard OS controls. It features a 'Manuel' tab at the top. Below the tab are two input fields: 'valor 1' containing the number '8' and 'valor 2' containing the number '9'. A section titled 'operaciones' contains six buttons: 'suma', 'resta', 'multi', 'division', 'potencia', and 'raiz'. The 'potencia' button is highlighted. At the bottom, the 'Resultado' field displays '1.34217728E8', and a 'salir' button is located at the very bottom.
